## **ALL INC. APPLIANCE AND CABINET SHOWROOM IN ST. PAUL PREPARED FOR STATE STIMULUS APPLIANCE REBATE PROGRAM**

### ***Midwest's Largest Showroom Offers Thousands of Energy Efficient Options For Consumers as Rebate Program begins March 1***

**ST. PAUL, MINN.** – (February 22, 2010) With the Minnesota Trade-in & Save Appliance Rebate Program kicking into gear March 1, All Inc. the Midwest's largest appliance and cabinet showroom located near Harriet Island in St. Paul, is ready to educate consumers about the thousands of new energy efficient appliances on the market today.

All Inc.'s 18,000 square foot showroom features one of the largest selections of appliances at every price point including Sub Zero, Wolf, Viking, Miele, Thermador, Electrolux, GE Monogram, GE Profile, Bosch, Kitchen Aid, Maytag, Whirlpool, Jenn-Air and more. Many of the products featured in three live kitchens and more than 20 kitchen vignettes contain special light bulb labels that educate consumers on the how much money each energy efficient appliance will save over time.

All Inc. will also have several locations at the Minneapolis Home & Garden Show February 24 to 28 at the Minneapolis Convention Center, including the All Inc. Kitchen Cooking Stage which will feature a fully functional and energy efficient kitchen with the newly launched Jenn-Air line of Oiled Bronze appliances. In addition, they will host a Scratch and Dent sale at the show on Saturday from 9 a.m. to 10 p.m. and Sunday from 9 a.m. to 6 p.m.

### **Background on Minnesota Trade-In & Save Appliance Rebate Program**

According to the Office of Energy and Security for the State of Minnesota, beginning Monday, March 1, Minnesota consumers can reserve a rebate application for the purchase of an appliance under the Minnesota Trade-in & Save Appliance Rebate Program. The program, funded with more than \$5 million in federal stimulus funds, will enable more than 25,000 Minnesota households to earn up to \$200 for replacing their refrigerator, freezer, dishwasher or clothes washer with a qualifying Energy Star model purchased from a Minnesota retailer. Only one rebate is allowed per household.

Appliances eligible for a rebate and rebate amounts are as follows:

- Clothes washers (\$200)
- Dishwashers (\$150)

- Freezers (\$100 with purchase and proof that their old unit has been taken off the grid; \$50 for purchase only)
- Refrigerators (\$200 with purchase and proof that their old unit has been off the grid; \$100 for purchase only)

The Minnesota Department of Commerce's Office of Energy Security (OES), the state agency responsible for administering the Trade-in & Save program, encourages Minnesota residents to start planning their purchase and use this rebate to "trade up" to the most energy and water efficient appliance that fits their budget. ENERGY STAR appliances can save up to \$75 annually in energy costs.

The Trade-in & Save Appliance Rebate Program, part of the American Recovery and Reinvestment Act, is expected to save more than 2.2 million kilowatt hours in energy, almost 44 million gallons of water and more than 4.7 million pounds of carbon annually.
